## Education:

- 1987 - 1990 Cleveland College of Art and Design - BTEC ND in Art and Design
- 1998 - 1998 Central St. Martins - Postgraduate Diploma in Architectural Glass/Advanced Stained Glass

## Employment History:

- 2005 - Present After Relocating from London to Scotland, I have been since been investigating the local glass scene. I have collaborated on various works with a local glassblower. I am currently designing and producing decorative glass panels for a large Scottish glass company. I am also proposing new glass ideas for a Newcastle restaurant, as well as working towards producing a range of 'iconic' 'Pop Glass' panels and products.
- 1998 - Present Goddard and Gibbs (est.1868) London - Working in Surface Decoration. I am highly skilled in many modern glass techniques including Acid Etching, Sandblasting and Bonding. I also have experience in conservation and stained glass. I have also worked on many prestigious projects around the world.
- 1999 - 2000 Fusion Glass Design, London. Departmental Manager of the Sandblasting team (4 people). We were responsible for the decoration of numerous large scale corporate projects.

## Commissioned Work:

- 2003 - 2004 Designing, Producing and Installing historically accurate leaded light panel for local Edwardian/Victorian homes
- 2003 Awards for Canadian Tourism Commission and Central St. Martins
- 2003 Celedor Productions. Constructed three stacked glass features for a film set at 1 America Square, London.
- 2003 Glass for Kitchen Cabinets - Design and Production, York.
- 2002 Maharishi, Covent Garden, London. Constructed various glass schemes for this Fashion house including shelving, display cabinets and a floor/path.
- 2001 Meronden Design, London. Designed and Produced decorative glass wall panel for their company boardroom.
